

COMPANY PROFILE

Cert. No. QAIC/SG/061

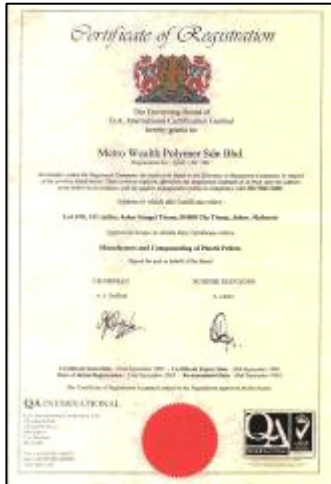

ISO 14001:2004 Certified

COMPANY PROFILE

Company Name	: Metro Wealth Polymer Sdn Bhd
Date Established	: 20th March 2003
Office / Factory	: Lot 670, 14 ½ Miles Jalan Sungei Tiram 81800 Ulu Tiram, Johor Malaysia
Tel No	: 607-861 0111 / 607-861 2288
Fax No	: 607-861 0333
Email Address	: metro.wp@tm.net.my
Company Website	: www.metrowealthpolymer.com.my
Authorized Capital	: RM10,000,000.00
Paid-up Capital	: RM2,500,000.00
Main Banker	: Malayan Banking Berhad
Registrar / Secretariat	: C&A Industrial Consultants Sdn Bhd (245220-P) 2F Jalan Giam, Taman Majidee (Off Jalan Tebrau) 80250 Johor Bahru, Johor, Malaysia

ACCREDITATION & AWARDS

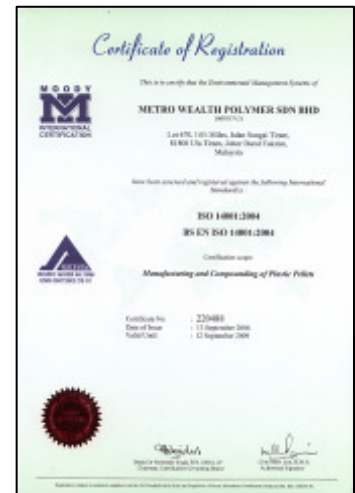

International Standard EN ISO 9001:2000 Quality Management System

- Certificate No : C110203
- Certification Date: 2nd June 2004

International Standard BS EN ISO 14001:2006 Environmental Management System

- Certificate No : 220488
- Certification Date: 13th September 2006

Golden Bull Awards 2006

- Awarded Date: August 2006

Green Procurement Agreement

- Agreement Date: 1st October 2006
- Approved and issued by, Sharp-Roxy Electronics Corporation (M) Sdn Bhd.

Sony Green Partner Certificate

- Certification Date: 1st April 2006
- Approved and issued by, Procurement Center, Sony Corporation

WHY METRO WEALTH POLYMER?

Our products provide . . .

Quality Policy

To achieve customer satisfaction by continuously improving the Quality Management System.

Savings

A significant cost advantage over virgin resin without deterioration of product quality

Result Consistency

Consistent quality specifications, color, and etc

Quality

Ongoing inspections, sampling, and well-equipped laboratory make sure that every product delivers or exceeds the performance that is expected.

Delivery

Whatever means we deliver, we always deliver quality.

Full-Service

*A team of service-oriented professionals provides fast response of assistance to customer.
Offering more to customers than just selling resin!!*

OUR MOTTO....

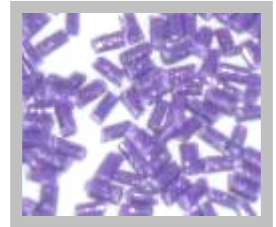

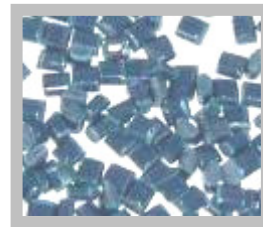

OUR SOLUTION, YOUR SUCCESS!

We recognize that you, the customer, are our most important asset. We desire to create a long-term and trusting relationship with our customers. Everyday, we strive to exceed your highest expectations in terms of price, value and customer service.

MAIN ACTIVITIES

We provide the following:-

- Compounding and coloring of most engineering plastics e.g. HIPS, ABS, PC, PC/ABS, POM, ABS GF, PC GF, PP GF and etc.

- Compounding of flame retardant, glass fibre material, UV material and etc.

PRODUCTION FACILITIES

Production Capacities

15 production lines for compounding /coloring.

2 sampling lines.

Our machine extruder ranges from 100mm to 150mm.

Daily output : Average 50 Metric Ton

Monthly Output : Average 1500 Metric Ton

OUR VISION

To be the industry leader of High-Tech Reprocessed engineering plastics in ASEAN by continuously delivering superior value to customers, anticipating their expectations, through our advanced technology.

METRO WEALTH POLYMER SDN BHD

LABORATORY FACILITIES

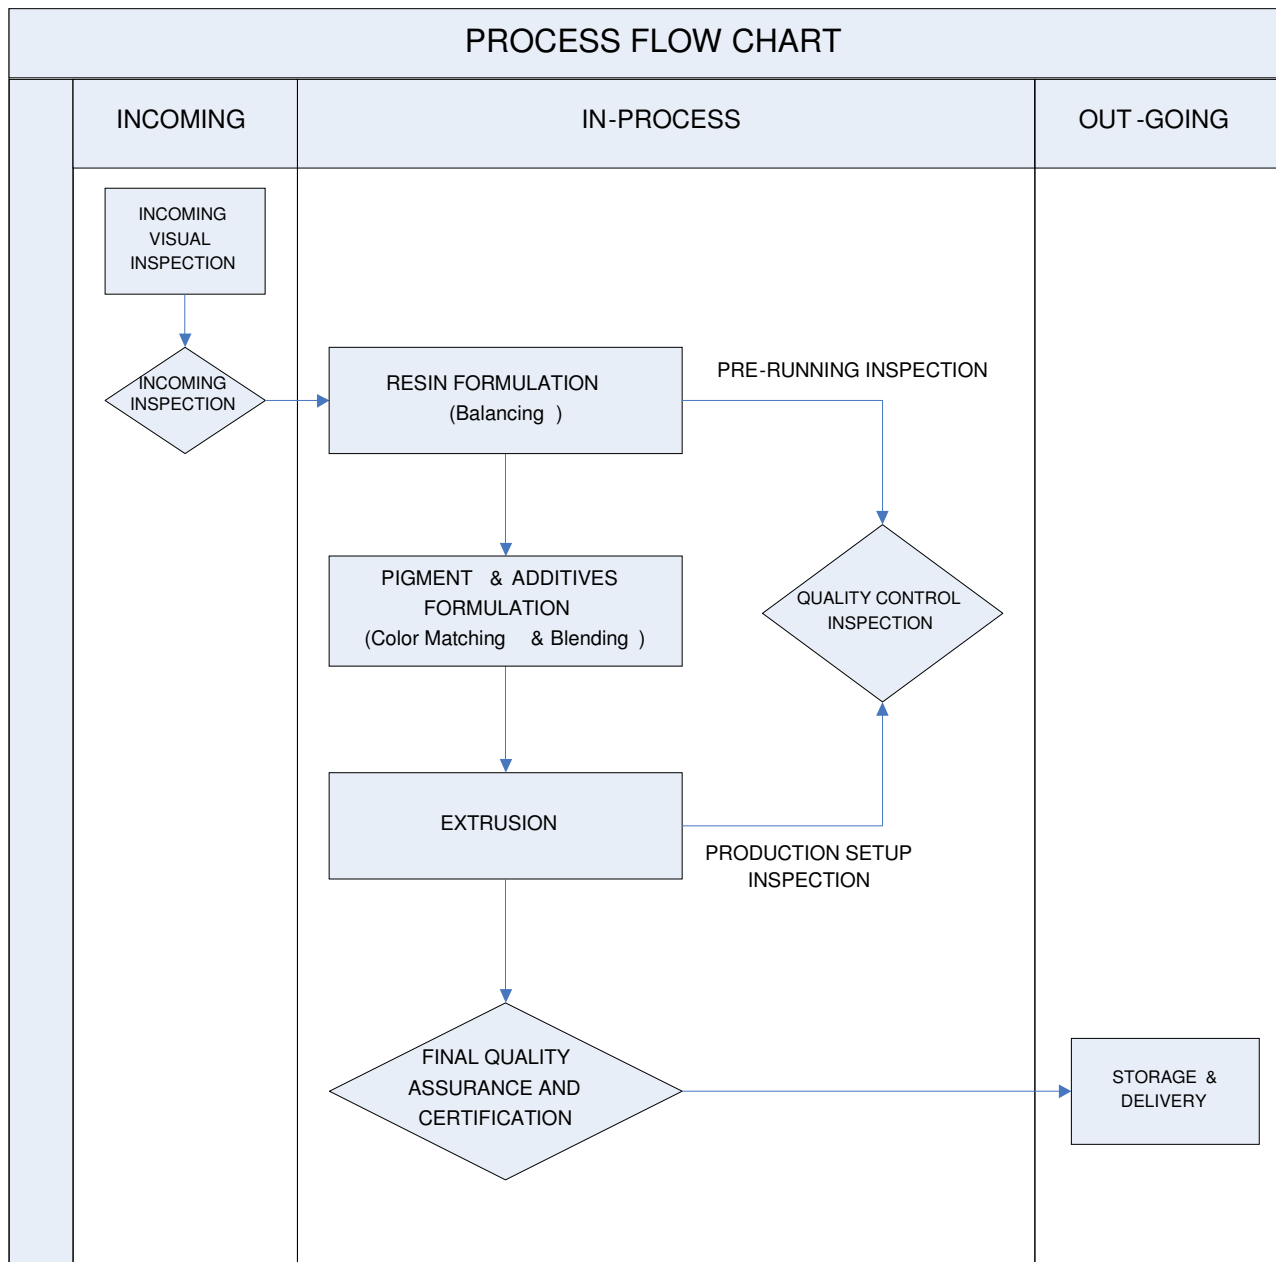

We have the following facilities in our QC lab:-

- 1) **Advanced Universal Pendulum Impact System**
✚ To perform Izod Test, to determine the impact resistance of plastic
- 2) **Auto Cycle Test Sample Notching Cutter**
✚ To produce notch profile into plastic test sample material.
- 3) **Melt Flow Indexer**
✚ To determine the rate of extrusion of molten resin.
- 4) **Chamber Furnace**
✚ To burn plastic with glass fibre content at high temperature, in order to determine percentage glass fibre in the plastic.
- 5) **X-Ray Fluorescence Analyzer**
✚ To rapid screening for Environmental Restricted Hazardous Substances.
- 6) **Plastic Injection molding Machine**
✚ To produce plastic injection into various physical properties test pieces.
- 7) **UL94 Equivalent Frame retardant test Equipment**
✚ To perform flammability test.
- 8) **Servo control computer System Universal testing Machine**
✚ To perform tensile and flexural strength test.
- 9) **Oven**
✚ To check heat resistance.
- 10) **Density determination**
✚ To determine density of plastic resin
- 11) **QC Compression Machine**
✚ Color and black dot checking
- 12) **Moisture Analyzer**
✚ Analyze the moisture content of the material.
- 13) **Sphere Spectrophotometer**
✚ To check color deviation
- 14) **Computer HDT/Vicat Tester**
- 15) **Color Box**

(Test Pieces for Various Physical Properties Test)

QUALITY PLAN FLOW CHART

Our Service

We have a team of dedicated and enthusiastic technical people to assist our customer to achieve high quality product at a competitive price.

UL RECOGNIZED COMPONENT MARK

**Underwriters
Laboratories Inc.**

is the United States' original product safety standards developer and certification organization. And, UL's Marks for components and end-products are the most credible certification marks.

To provide our valued customer the confidence and quality product, Metro Wealth Polymer always look forward to improve the quality control performance and management.

Meanwhile, we have joined the program and apply for the UL Recognized Component Mark.

Metro Wealth Under-Register File No: (E306925)

- ✓ **Mayron PC MW 3620 U**
 - Polycarbonate 20% Glass Reinforced – VO Grade
- ✓ **Mayrene PS MW 222 U**
 - Polystyrene - HB Grade
- ✓ **Mayron PC MW3820 U**
 - Polycarbonate 20% Glass Reinforced - HB Grade
- ✓ **Mayrex ABS MW111 U**
 - Acrylonitrile-Butadiene-Styrene - HB Grade
- ✓ **Mayrex ABS MW1020 U**
 - Acrylonitrile-Butadiene-Styrene 20% Glass Reinforced - HB Grade
- ✓ **Mayryl PPO MW 820 U**
 - Polyphenol Oxidase 20% Glass Reinforced - HB Grade

2008 PLAN

Metro Wealth Polymer is committed to achieve high quality products and uncompromising quality to provide assurance to customers. All this commitments are achieve through quality management system that is compliance to the international standard organization. Our plant is ISO 9001:2000 certified and achieve ZERO NC for the last 3 years.

Metro Wealth is also aware of the need to protect the environment and as such we are also committed to complying with applicable environmental legal and other requirement. Prevent and phase out the usage of environmental hazardous substances to satisfy customer green procurement requirement. Continually improving our environmental management system together with our employees.

Last but not least, Metro Wealth is also concerning employees' health & safety, so that we will go for **OHSAS 18001** programs on 2008.

***OHSAS 18001** is an Occupation Health and Safety Assessment Series for health and safety management systems. It is intended to help an organization to control occupational health and safety risks. It was developed in response to widespread demand for a recognized standard against which to be certified and assessed.*

Production Capacities

To fulfill our customer needs, Metro Wealth Polymer will increase the production capacities as :-

- Daily Output : Average 60 Metric Tons
- Monthly Output : Average 1800 Metric Tons

Our Mission

To satisfy the needs of our customer and facilitate improvement in their profitability by offering a comprehensive range of engineering thermoplastic compounds with the unique balance of Quality, Value, and Services while believing it was possible to help the plastic industry become environmentally responsible.
